COMPILED FROM OFFICIAL RETURNS IN THE REGISTRAR GENERAL'S OFFICE.

Presented to both Houses of Parliament, by Command.

SYDNEY:

BY AUTHORITY: THOMAS RICHARDS, GOVERNMENT PRINTER, PHILLIP-STREET.

1876.

THE REGISTRAR GENERAL'S REPORT TO THE HONORABLE THE COLONIAL SECRETARY.

Registrar General's Office,
Sydney, 8 August, 1876.

SIR,

Having just received from the hands of the Printer the first portion of the Tables which form the Statistical Register of this Colony, I at once apply myself to the duty of bringing under your notice, in the shape of a short Report, the most noteworthy points in these Statistics.

PART I.

POPULATION, IMMIGRATION, VITAL STATISTICS, &c.

Population, Vital Statistics, Immigration.

The estimated population of the Colony on the 31st December, 1875, was 606,652 souls, being an increase on the previous year of 22,374, or 3·83 per cent. The number of males is estimated at 334,461, and of females at 272,191, showing 62,270 more males than females, the proportion of the sexes being nearly the same as in the previous year, viz., 550 to 450 per 1,000. The births registered during the year numbered 22,528, of which 11,380 were males and 11,148 females. The Immigration returns give 30,967 arrivals, so that from these two sources we get an addition to our population of 53,495 souls. From these figures, however, must be deducted the number of deaths and departures from the Colony; the former being 10,771 (consisting of 6,245 males and 4,526 females), and the latter 20,350; in all 31,121 souls, leaving 22,374 persons, as before stated, as the increase to our population of 606,652 persons. These figures can only be taken as an estimate, for there is no doubt that New South Wales has received a large influx of overland population of which no record can be obtained.

Marriages.

The number of Marriages celebrated in the Colony during the year was 4,605, being 262 in excess of the previous year. The proportion to every 1,000 of the population* at the middle of the year was 7·75; the average for the previous nine years being 7·86. With regard to marriages celebrated by the various denominations, we find the following to be the numerical result:—Church of England, 1,618; Roman Catholic, 953; Presbyterian, 906; Wesleyan Methodist, 502; Congregationalist, 186; Registrars' Offices, 250; the remaining denominations being under treble figures.

Births.

The Births for the year numbered 22,528, being an increase of 350 on the previous year. The ratio per 1,000 is 37·92.

Deaths.

The Death registers show the number to be 10,771, being 2,119 in excess of the previous year, and amounts to 18·12 per 1,000 of estimated population, which is an increase of 2·96 per 1,000 on the rate of 1874.

Immigration.

The total number of persons who arrived in the Colony during the year, exclusive of Intercolonial and Foreign arrivals, which have already been stated, was 1,506, composed of 1,184 adults (males 694, females 490) and 322 children. There were 973 immigrants at the public expense, and 533 were landed at their own cost.

The

* 594,179.

The religious persuasions of Immigrants at the Public expense were as follows:—Protestants, 675; Roman Catholics, 298. Of this description of Immigrants 50·77 per cent. were from England and Wales, 16·75 per cent. from Scotland, and 31·45 per cent. from Ireland.

Lunatic and Invalid Establishments.

The number of patients admitted and re-admitted during the year into the Gladesville establishment was 337, viz.:—203 males and 134 females; these, together with the inmates in this Hospital at the beginning of the year, make up a total of 888 patients under care.

The number of deaths, discharges, &c., during the year, left 642 on the 31st December, 1875.

The average number of residents was 591. The per-centage of recoveries on admissions, and of patients relieved was 28·78 and 3·56 respectively. The death per-centage on average numbers resident was 7·95. The admissions and re-admissions into the Free Lunatic Asylum at Parramatta were 63, viz.:—41 males and 22 females. The number of patients in this Asylum on 1st January, 1875, was 725, so that there were 788 patients under treatment during the year, of which number 48 are accounted for under the head of discharged and died. The deaths on average numbers resident were 5·39 per cent.

There were 34 inmates in the Convict Lunatic establishment at Parramatta, and the Asylum for Lunatics and Imbeciles shows 198 patients under care during the year, 20 of whom died and 4 were discharged. The death rate for the year was 12·19 per cent. The Asylum of Bay View House, Cook's River Road, commenced the year with 114 patients, which were increased to 126 during the year, 15 of which number were either discharged or died. The total number of all classes of persons of unsound mind who were either admitted or re-admitted into some Lunatic establishment during the year 1875, excluding the returns from the Lunatic Receiving House at Darlinghurst, was 446, and the total number under treatment was 2,034. Taking the population at the middle of the year, the ratio per 1,000 of persons of unsound mind was 3·42. The total cost to the Government of these establishments for the year was £56,342. From this sum however should be deducted the sum of £1,076, received from relations and friends for the maintenance of patients, and paid into the Colonial Treasury.

Hospitals.

The returns from the various Hospitals in the Colony show that the admissions during the year numbered 5,566, which, with 503 patients remaining over from the previous year, gives a total of 6,069 persons who received treatment. From this number 10·87 per cent. died, 80·29 per cent. were discharged, and 8·83 per cent. were left in Hospital at the close of the year. The number of patients who received out-door relief during the year was 8,015, by far the larger portion (viz., 7,517) are found in the returns of the Metropolitan Hospitals. The total receipts for the year on behalf of Hospitals amounted to £35,020, of which amount £18,453 was supplied by the Government, and £16,567 was the result of voluntary contributions. St. Vincent's Hospital was the only one maintained without aid from the Government.

Benevolent Asylums.

The number admitted into these Institutions (including children) during the year was 1,943, which, added to the number found to be inmates at the end of the preceding year, brings the total up to 3,308, who were actually in these Asylums during the year. The per-centage of discharges was 45·89, of deaths 12·36, and of those remaining on 31st December, 41·75. There were 3,104 cases in which relief was afforded. The amount received in aid of these Asylums was £20,195 from the Government and £14,456 was provided by voluntary contributions, making a total of £34,651.

Orphan and Industrial Schools.

In this category of schools we find that the number of inmates at the beginning of the year was 1,827, and that there were 349 admissions during the year. There were 45 deaths, and 416 were discharged, leaving 1,826 under care at the close of the year. The receipts for the year amounted to £28,908, the Government contributing £21,833, and £7,075 were obtained from private sources.

Miscellaneous.

Under this head will be found six institutions of a charitable nature, whose receipts amounted to £3,855. This amount however does not include the receipts of the Sydney Sailors' Home, from which institution no information was given on this point. Out of these six institutions one only, viz., the Sydney Foundling Hospital, received aid from the Government. The total receipts for the year for Charitable Institutions amounted to £160,361, made up as follows: From voluntary contributions £42,238; from the Treasury £118,123. These totals are exclusive of the Female Protestant Training School and the Sydney Sailors' Home. The

PART II.

RELIGION, EDUCATION, AND CRIME.

Ecclesiastical—Churches, &c.

The number of registered Ministers of Religion in the Colony during the year 1875 was 601. Out of this number 509 belonged to the following denominations, viz.:—Church of England, Roman Catholic, Presbyterian, and Wesleyan Methodist, the residue being distributed among seventeen other denominations.

The denominations mentioned above received in salaries and allowances the sum of £19,331, and from the Church and School Estates the sum of £6,986, making a total of £26,317. Of this amount 52·72 per cent. fell to the share of the Church of England; 32·61 per cent. to the Church of Rome; 8·29 per cent. to the Presbyterian Church; and 6·38 per cent. to the Wesleyan Methodist Church. The total number of Churches in the Colony was 1,089, which contained 177,882 sittings. The average attendance was 150,221, and there was also an average attendance of 33,159 at all other places used for public worship.

Sunday-schools.

The Sunday-school returns show that there were 1,012 in the Colony, with 6,731 teachers and 54,468 scholars.

Education—Private Schools.

The Private Schools of the Colony, which numbered 927 in the year 1874, increased to 989 in the year under consideration, which gives an increase of 62, and the scholars receiving instruction had increased to 18,427, which shows an excess of 1,598.

Orphan and Industrial Schools.

In these schools it will be seen that the number of children receiving instruction was 1,348, which is a decrease of 136 on the number for the previous year.

Council of Education—Public Schools.

The Return of Public Schools in the Colony shows the following result:—Number of schools 461, being an increase of 41; number of teachers 796, an increase of 49; number of scholars 58,811, an increase of 5,109.

Provisional Schools.

These schools increased in number from 244 to 262, showing an addition of 18; number of teachers from 244 to 264, an increase of 20; number of scholars from 8,002 to 8,786, an increase of 784.

Half-time Schools.

There were 116 of these schools, which is a reduction of 6 on the previous year; the teachers numbered 59 as against 63; and the scholars were reduced in number from 2,462 to 2,350.

The total number of scholars in these three classes of schools was 69,947, and the increase on the previous year 5,781. The amount received during the year was £42,573, being the proceeds of fees, voluntary contributions, &c.

Denominational Schools—

The following figures show the positions of the Denominational Schools as compared with the previous year.

Church of England.

Number of schools 89, decrease 6; number of teachers 191, decrease 13; number of scholars 17,771, decrease 335.

Roman Catholic.

Number of schools 86, decrease 3; number of teachers, 160 decrease 11; number of scholars 13,941, decrease 1,094.

Presbyterian.

Number of schools 7, decrease 3; number of teachers 13, decrease 1; number of scholars 1,051, decrease 526.

Wesleyan Methodist.

Number of schools 8, decrease 1; number of teachers 19, increase 1; number of scholars 1,560, increase 291.

There

Hebrew. There was 1 teacher less, and the scholars numbered 186, being a decrease of 45. The total number of scholars in the Denominational Schools was 34,509, and the decrease was 1,709. The amount received as voluntary contributions, fees, &c., was £17,723. Taking all classes of schools under the Council of Education, we find that the number of scholars was 104,456, which figures exceed those of the previous year by 4,072. The total amount of money expended during the year (including building fund account) was £222,482, showing an additional outlay of £40,637. The total number of those receiving instruction in the various schools and educational establishments of the Colony during the year 1875 was 124,756, showing a total increase of 5,623 scholars.

Schools of Art, &c. For the first time will be found on pages 20, 21, 22, 23, Returns from the New South Wales Academy of Art, Free Public Library, Schools of Art, and Australian Museum.

Crime. The number of offences reported to the Police during the year was 19,125, and the number of persons apprehended or summoned before the Magistrates 44,511.

There were 30,526 summary convictions and 707 convictions in the Superior Courts, making a total of 31,233 convictions. The number acquitted was as follows:—In the Inferior Courts, 6,325; in the Superior Courts, 338; in all, 6,663.

PART III.

TRADE AND COMMERCE.

Imports. It will be found on reference to the returns of Imports for the year 1875, that their value amounted to £13,490,200. As compared with the previous year we have an increase of £2,196,461.

Imports for the year from the *United Kingdom* were valued at £6,062,226, which figures are in excess of those for the previous year by £1,173,501.

The value of Imports from the *Colony of Victoria* was £2,066,156, viz.:—£1,121,107 by sea, and £945,049 overland,—the increase on the previous year being £717,094.

From *South Australia* we received Imports to the value of £987,933, the seaward traffic showing £721,701, and overland £266,232. The *Queensland* Imports amounted in value to £2,276,379 nearly the whole of which were received seaward, the increase on the previous year being £58,071.

The value of *Tasmanian Imports* for the year was £167,870, and of *New Zealand* £135,480.

The total value then of Imports from Australian Colonies and New Zealand amounted to £5,633,818, and from other British Colonies £867,252, in all £6,501,070. The total increase in value of Imports from all British Colonies is £1,077,810.

Exports. The total value of Exports for the year 1875 was £13,671,580, which figures show an increase of £1,325,977 on the previous year.

Exports to the United Kingdom were of the value of £6,374,503, showing £637,437 over the figures for the previous year.

Our Exports to *Victoria* amounted in value to £4,269,770. Of this sum the overland Export trade absorbs £3,546,674. The export of Wool alone during the year amounted in value to £2,539,679. No doubt the greater portion of this overland Wool Export simply passes through Victoria as the cheapest and most expeditious method of forwarding it either to England or some Foreign market, In support of this opinion, I may state, that on reference to Victorian Statistics, I find that with 11,749,532 sheep the export of Wool, the produce and manufacture of Victoria, is given at 63,656,335 lbs., while the export of Wool, the produce and manufacture of New South Wales, with 24,382,536 sheep, only amounted to 87,534,280 lbs.

Our Export trade with *South Australia* amounted in value to £654,232, with *Queensland* to £1,112,409, with *Tasmania* to £44,274, with *New Zealand* to £362,764, and with *Western Australia* to £861. The total Export trade with all the Australian Colonies and New Zealand was £6,444,310, and with other British Colonies £394,445, in all £6,838,755. As compared with the previous year there was an increase in value of exports to all British Colonies of £740,532.

Imports and Exports. The value of Exports to the United Kingdom exceeded the Imports by £312,277, and to Victoria by £2,203,614. The value of Imports from South Australia exceeded the Exports by £333,701, and from Queensland by £1,163,970. The total excess of Exports over Imports to all British Colonies was £337,685.

The

The value of Imports from Foreign States exceeded Exports by £468,582. The general total value of Exports over Imports amounted to £181,380.

Shipping. There were 2,376 vessels which entered the various ports of the Colony during the year 1875, showing an aggregate of 1,109,086 tons. The number to each port was as follows:—Sydney, 1,145, with 590,700 tons; Newcastle, 1,162, with 510,902 tons; Grafton, 16, with 2,180 tons; Richmond River 28, with 3,813 tons; Tweed River 25, with 1,491 tons. The increase in number and tonnage of inward bound vessels exceeded the figures of the previous year by 159 and 92,717 respectively.

Vessels clearing at the various ports of the Colony during the year 1875 numbered 2,294, with an aggregate of 1,059,101 tons. The numbers and tonnage respectively from each were as follows:—Sydney, 863 and 468,423; Newcastle, 1,341 and 573,626; Grafton, 26 and 4,004; Tweed River, 23 and 1,365; Richmond River, 26 and 3,790; Eden, 15 and 7,893. The increase on the previous year in the number of outward-bound vessels was 126, and there was an excess of 84,576 in tonnage.

Shipbuilding during the year appears to have been making great advancement. The number of vessels built was 91, of an aggregate of 6,440 tons. These figures are an addition of 39 and 3,027 respectively to those of the previous year. There were also 130 vessels registered in the Colony during the year of an aggregate of 16,100 tons.

PART IV.

MILLS AND MANUFACTURES.

Mills. The number of Mills in the Colony employed in grinding and dressing grain was 161 as against 172 in the previous year. Steam power was used in 147 of these, of an aggregate of 2,289 horse-power, the residue being propelled by the aid of water or wind.

Manufactories There were 919 Manufactories of various kinds, which will be found on page 144, grouped under six distinct heads. Machines, &c., in use numbered 8,825, which are also detailed in the same manner as Manufactories.

From the return of Woollens manufactured we find that eight Mills were in operation during the year 1875, and that 354,700 yards of Cloth and Tweeds were the result. This industry shows a falling away in production of 104,180 yards.

The number of Soap and Candle Manufactories was 32, the quantity of each commodity produced being 83,243 cwt. and 11,828 cwt. respectively. These figures are slightly in excess of those for the previous year.

The quantity of Tobacco manufactured in the Colony was 14,002 cwt., the produce of 26 factories, being three more than shown in the returns for the previous year, yet the quantity produced was 978 cwt. less.

The return showing the number of Sugar Manufactories in the Colony, and whether worked by steam or other power, will be found on pages 148 and 149. The quantity of Sugar manufactured appears to have diminished considerably as compared with the previous year, but this can be accounted for by the Agricultural Statistics, which show a large diminution in the area of cane cultivated. Sugar Refineries also do not show so favourably as in the previous year, the business done amounting to 225,178 cwt., being 90,817 cwt. under the figures of the previous year.

Distilleries of Colonial Spirits show a production of 151,913 gallons of proof spirit from Molasses. The increase under this head is 66,567 gallons.

PART V.

PRODUCTION.

Gold received by Escort. The total quantity of Gold received by escort from the gold fields of the Colony during the year 1875 was 201,779 ounces, valued at £767,829. As compared with the year 1874 there was a decrease in quantity of 41,739 ounces, and in value of £166,569. All the gold-bearing localities in the Western District, except Stony Creek, Grenfell, and Parkes, show a smaller yield, and the total from this district is less by 38,855 ounces. The decrease in the quantity produced in the Southern District is 476 ounces. The places in this district which show an increase are Adelong, Tumberumba, and Cooma. With the exception of Tamworth, all the gold fields in the Northern District show a decrease, and there is a total decrease of 2,408 ounces.

The

Gold imported.

The quantity of Gold imported into the Colony, seaward, was 347,068 ounces of the value of £1,347,932.

Coal.

The total output of Coal from the various mines of the Colony during the year 1875 amounted to 1,253,475 tons, valued at £765,134, which gives an average of 12s. 2½d. per ton. There is a decrease in quantity on the returns for the year 1874 of 51,092 tons. This can be accounted for in some measure by the fact that returns have been received from 26 mines only as against 30 in the previous year, so that no doubt 4 mines must have been closed. The great deficit, however, will be found in the production of the Hartley and Wollongong mines, the former to the extent of 16,135 tons, and the latter 63,311 tons. The output of the New Wallsend Mine, Brisbane Water, receded from 20,000 to 4,380 tons. The Maitland mines show an increase of 8,167 tons, and those in the Newcastle district 36,777 tons.

Shale.

The quantity of Shale raised decreased from 12,100 tons to 5,492 tons.

Copper and Copper Ore.

From the returns of Copper and Copper Ore we find that there were 245 tons of the former, and 1,239 tons of the latter, the value of both being set down at £32,398.

Tin Ore.

From the Tin-bearing districts it will be seen that 6,408 tons were obtained, the value of which is stated to be £221,922.

Live Stock.

By referring to the returns of Live Stock it will be found that they have been prepared in a more elaborate manner than heretofore. The usual subdivisions of Police Districts remain, but the number of each description of stock belonging to owners and occupiers of land under different tenures is now for the first time set forth. The total number of persons described as Stockholders was 31,272. The number of Horses in the Colony was 357,696, which gives an increase of 11,005 on the previous year. Horned Cattle numbered 3,134,086 as against 2,856,699, showing an addition of 277,387 head of cattle to our herds. The number of Sheep was 24,382,536, which is an increase of 1,509,654 on the figures for the year 1874.

Agriculture.

The Agricultural Returns are compiled in like manner as the Live Stock Returns, showing the number of holders of land exceeding 1 acre, with the extent of their holdings and other particulars as to crops, divided under the following

Holdings.

heads :—Freeholders under conditional purchase (A); other Freeholders (B); Leaseholders of Land conditionally purchased (C); other Leaseholders (D). The following short table distinguishes the number belonging to each of these classes, and the area of land occupied by them respectively :—

	Number of Holders.	Extent of Land in Cultivation.	Area Enclosed not Cultivated.	Area Unenclosed.	Total.
		acres	acres	acres	acres
A	16,860	191,223½	2,465,868	2,078,421½	4,735,513
B	11,453	137,591½	4,183,256¼	2,520,298¼	6,841,146
C	1,392	16,037¾	252,865	283,779½	552,682¼
D	7,279	106,286	869,079½	420,790¼	1,396,155¾
Totals	36,984	451,138¾	7,771,068¾	5,303,289½	13,525,497

Comparing these totals with the previous year, we find that there were 1,853 additional holders of land, that the area of land under cultivation was less by 13,819 acres, that the area of land enclosed not under cultivation had increased by 1,672,080 acres, and that the area of unenclosed land had been reduced by 276,923 acres.

Grain crops.

Passing on now to the various crops grown during the year we see that the area of land brought under the plough for *Wheat* was 133,609 acres, from which the returns give a yield of 1,958,640 bushels, which gives an average of something near to 14¾ bushels to the acre. There is a decrease on the previous year in the area sown of 33,302 acres and necessarily a falling away in quantity of 189,754 bushels.

The extent of land covered with *Maize* was 117,582 acres, the produce of which was 3,410,517 bushels, the average yield per acre being 29 bushels. The area of land used for this crop shows a decrease of 854 acres.

Barley

Barley covered 4,817 acres, which yielded 98,576 bushels, or an average of 20½ bushels to the acre. Here we find an increased area in cultivation of 833 acres. There were 18,855 acres devoted to the growth of *Oats*, the yield being 352,966 bushels, the average per acre being nearly 19 bushels. An extended area of 882 acres was used for the production of this cereal.

The area of land occupied with *Rye* and *Millet* was 918 acres for the former, and 149 acres for the latter, the production being 11,756 bushels and 2,593 bushels respectively.

Potatoes. The cultivation of potatoes was carried out on 13,805 acres, which gave a return of 41,203 tons, and shows an average of close on 3 tons to the acre. There is an increase here of 201 acres in area and 2,639 tons in quantity.

Hay and Green Crops. The area of land laid down for Hay from wheat was 13,364 acres, from which 15,388 tons were obtained, showing an increase of 5,372 acres and 5,630 tons. Maize used as green food for cattle occupied 2,309 acres. Hay made from Barley was grown on 1,461 acres, and there were also 2,113 acres used for green food. The quantity of Barley Hay gathered was 1,633 tons. These figures show a small increase on those for the previous year.

The cultivation of Oats for Hay took up 52,098 acres, and there were 2,494 acres used for green food. This Hay crop shows a weight of 54,238 tons as against 50,414 tons for the previous year. Millet to be used for green food was grown on 230 acres of land.

Sown Grasses. The total extent of land under sown grasses, which includes Lucerne, was 52,073 acres, viz. :—10,202 for Hay and 4,187 acres for green food. We find a decrease in acreage of 2,337 acres for hay, and an increase of 8,663 acres for green food. The quantity of Hay produced was 17,708 tons, showing a falling away of 14,192 tons on the returns of the previous year.

Tobacco. The area used in Tobacco culture was 491 acres, which shows a decrease of 48 acres when compared with the figures of the previous year. The weight of leaf obtained was 458,947 lbs., being a decrease of 220,702 lbs.

Sugar-cane. There were 6,454 acres of land covered with sugar-cane, of which total 3,654 acres are shown as productive, and 2,800 unproductive. The area of land under this crop had decreased by 2,086 acres. The quantity of cane grown amounted to 2,310,860 cwt.

Vineyards. Vineyards covered an area of 4,458 acres as against 4,308 acres in the previous year. The number of acres used for wine grapes was 3,163, the quantity of wine produced was 831,749 gallons and also 2,747 gallons of Brandy. The return further shows 637 acres on which vines were grown for fruit for table use, and 658 acres were unproductive.

PART VI.

MONETARY AND FINANCIAL.

Coin and Bullion. The general total value of Coin and Bullion in the possession of the Mint and various Banks of the Colony on the 31st December, 1875, was £2,705,008. Of this amount £67,483 was in the Mint, and the residue distributed among the Banks, as shown by the return on page 207.

Notes. The value of Paper money in circulation on 31st December, 1875, amounted to £1,208,332.

Savings' Bank. The Return of the New South Wales Savings' Bank shows that the amount at credit of 30,158 depositors was £1,295,797, which is an increase of £19,895 on the figures of the previous year. The number of Depositors in the Sydney Bank increased from 22,631 to 23,191, and those in the Country Districts from 6,709 to 6,967. The rate of interest paid to Depositors on amounts not exceeding £100, was 5 per cent. per annum, and the rate charged to borrowers was 6 per cent. per annum.

Government Savings' Banks. The number of Government Savings' Banks throughout the Colony on 31st December, 1875, was 142, being 36 above the number at the same time of the previous year. The balances at the close of the year at credit of Depositors amounted to £354,074, which is an addition of £50,961 on the balances of the year 1874. The number of accounts open at the close of the year was 10,799, as against 8,276 at the same period of 1874. The accounts closed numbered 3,856, and there were 6,379 accounts opened during the year.

The

Gold received and issued at the Mint.

The total weight of gold received at the Branch Royal Mint during the year 1875 was 547,484 ounces, valued at £2,061,070. Out of this total the Colony of Queensland supplied 297,441 ounces, and our own Gold-fields 226,985 ounces. During the year 2,122,000 sovereigns were issued and 1,673 ounces of Bullion. The revenue of the Mint was £13,565.

Railways.

The Railway Returns show that the length of our lines was 437 miles as against 401 in the previous year. The number of passengers carried was 1,908,405. As compared with the previous year we have 369,362 additional passengers. The amount received on behalf of passenger traffic was £200,601. A large increase is also found in the tonnage of goods traffic, the figures for which are 1,174,559 tons, for which the sum of £408,706 was paid. The excess on the previous year in weight of goods carried was 98,491 tons, and the revenue under this head shows an increase of £60,726. The total amount of receipts from all sources was £614,647, as against £536,575 in the year 1874. Deducting working expenses, which amounted to £296,174, we have total net receipts of £318,473.

Telegraphs.

There were 136 Telegraph Stations throughout the Colony, not including those established in the suburbs of Sydney. The number of messages transmitted during the year amounted to 719,745, the increase on the previous year being 149,419, which brought up the general total receipts from £59,820 to £69,193. The number of miles of wire was 8,012, constructed at a cost of £253,391.

Post Offices.

A large increase in business is to be noticed under the head of Post Offices; their number had increased from 681 in 1874, to 752 in 1875. The staff employed shows an increase of 109 persons, the figures being 967 as against 858. The total number of letters despatched was 13,717,900, the increase being 2,597,800. Out of the total number of letters forwarded, 1,719,100 were foreign, 9,540,900 were inland, and 2,457,900 were town. Newspapers and packets sent through the post numbered 6,262,600 and 357,000 respectively. The number of foreign newspapers was 1,385,900, and of inland 4,876,700. The income arising from Post Offices for the year amounted to £107,761, and the expenditure, including estimated outstanding liabilities, £194,041.

Money Orders.

The number of Money Orders issued during the year was 100,293, representing £419,622. The number of offices in the Colony was 238, and the revenue received as commission amounted to £4,224. Return No. 142, on page 220, gives the number and amount of Orders issued in New South Wales during the year, and the places at which they were made payable; also Orders paid in New South Wales, and the places at which they were originally issued.

Immigration.

The total outlay of moneys from the Revenues of the Colony on account of Immigration for the year 1875 was £14,962. In this amount is included gratuities to Surgeon Superintendents and others, also salaries and lodging of Immigrants on arrival, &c. The cost per head of introducing Immigrants was over £15.

Military.

Under the head of Military and Naval services we find that the sum of £66,962 was expended. Fortifications, Gunpowder Magazines, and Repairs to Buildings absorbed £36,903, and the balance was appropriated to Permanent and Volunteer Military Forces, and Naval Brigade, &c.

Municipalities.

The return for seventy-four Boroughs and Municipal Districts shows that there were forty-four of the former and thirty of the latter. The amount of rate imposed on Boroughs seems to be a uniform one of 1s. in the pound, except in a few instances where an extra three-pence or four-pence in the pound was raised as a gas rate. The total revenue by rates in Boroughs during the year 1875 amounted to £52,032, which with £13,350 provided by Government, made a total of £65,382 of what may be termed revenue proper. Some of the Boroughs contracted loans to the amount of £11,543. The sum of £9,569 was used in office expenses and salaries, showing that over 14 per cent. of revenue was absorbed in this manner. The rate imposed by Municipal Districts was in every instance 1s. in the pound on estimated annual value. The revenue obtained amounted to £14,601, supplemented by £10,098 from the Government, making a total of £24,699 of revenue. Office expenses and salaries came to 16 per cent of revenue.

PART VII.

MISCELLANEOUS.

Public Works.

The amount of money expended during the year 1875 on Lines of Railway open for traffic was £131,651, and the expenditure during the same period on extensions not open for traffic amounted to £440,244.

The total expended to 31st December, 1875, on unfinished Lines of Railway, was £2,584,375. On the Roads and Bridges of the Colony, a sum of £338,846 was spent during the year. Under the head of Harbours and Rivers, and the Miscellaneous Services in connection therewith, we find a sum total of £222,914 for the year. The amount expended on Public Buildings under the immediate superintendence of the Government was £142,598. This amount is exclusive of £9,275 for furniture during the year. The amount expended on all the Public Works of the Colony during the year 1875, is as follows :—

Railways	£571,895
Electric Telegraphs	15,262
Roads and Bridges	288,806
Harbours and Rivers	222,914
Public Buildings	142,598
	£1,241,475

In addition to this total, the sum of £50,040 was issued to Trustees for Minor and Subordinate Roads, and the sum of £74,803 was expended on Works, &c., not under the immediate superintendence of the Government.

Meteorology.

The Sydney returns on Meteorology show that the highest mean shade temperature of the year was 84·3, and the lowest 48·9. The highest reading of the thermometer in the shade was 98·9, and the lowest 40·3. During the year there were 153 days on which rain fell. The total fall of rain for the year was over 46 inches, which is 6 inches less than the average rainfall for the preceding sixteen years.

Real and Leasehold Estates.

An increase is again to be noticed in the number and amount of transactions in Real and Leasehold Estates. During the year 1875 there were 7,567 deeds registered, representing an aggregate of £3,390,391 ; and there were also 245 leases exceeding three years duration registered, and 1,225 miscellaneous deeds ; so that the total number of deeds registered was 9,037. The gradually increasing business of the department engaged in registering these transactions may be seen on reference to the Decennial Table, on page 253.

Liens on Wool.

The number of Liens on Wool registered during the year was 686, which secured the sum of £674,747 on the clip of 4,197,853 sheep. These figures are the highest recorded for any year of the decade.

Mortgages on Live Stock.

This description of Mortgages registered numbered 749, the security afforded being 2,844,740 sheep, 199,031 cattle, and 7,290 horses, the total sum advanced being £2,008,970. These figures are also in excess of those for any year of the decade. The number of discharges registered was 182, representing the sum of £992,780.

Real Property Act (26 Vic. No. 9).

During the year 1875 there were 256 applications received for Certificates of Title. In the year 1866 these applications numbered 379, which number decreased yearly until the years 1873 and 1874, when there was a slight reaction. The number for the year under consideration is 32 less than for the previous year. The progress in the business under this Act, of dealing with land for which Certificates of Title or Crown Grants had been issued, has been very satisfactory. The Decennial Table shows that ten years since, the fees for the year for registering Certificates and other dealings amounted to £1,305, while for the year 1875 the sum of £5,138 was obtained, being £1,681 in excess of the figures for 1874. The total amount paid into Consolidated Revenue by the Registrar General during the year 1875, on account of Registrations of Real and Leasehold Estate, Liens on Wool, Mortgages of Live Stock, Real Property Act, &c., &c., was £10,020, a sum more than sufficient to meet the expenditure voted by Parliament for the expenses of the Department in Sydney. The number of Crown Grants issued and registered under the Real Property Act during the year 1875 was 9,830, a number considerably more than double that for any year of the decade. The area of land alienated by these Grants was 834,956 acres, for which the sum of £848,883 was paid.

There

Insolvencies.

There were 500 Insolvencies during the year 1875, of which 462 were voluntary and 38 compulsory. The amount of liabilities disclosed by Insolvents' schedules was £536,440, and the assets are set down at £172,181, the difference between these two sums being £364,259. These figures are largely in excess of those for the previous year.

Miners' Rights and Licenses.

The business done under the head of Miners' Rights, Mineral and Business Licenses, was as follows :—Miners' Rights, 1,027 ; Mineral Licenses, 185 ; Business Licenses, 706. Comparing these figures with those of the previous year, we find a large decrease in the number of Miners' Rights and Licenses issued, and a small increase in Business Licenses.

Gold mining machinery.

Machinery used for alluvial workings comprised 23 steam-engines, of an aggregate of 275 horse-power. The number of other appliances in use was as follows :—Puddling machines, 259 ; whims and pulleys, 29 ; whips, 497 ; sluices and toms, 455 ; water-wheels, 110 ; hydraulic hoses, 20 ; pumps, 368 ; sluice boxes, 931 ; stamp heads, 60. There were also 115 steam-engines employed in quartz mining, of an aggregate of 1,677 horse power. Other description of machinery was as follows :—Crushing machines, 132 ; stamp heads, 1,292 ; whims and pulleys, 70 ; water-wheels, 21 ; derricks, 9 ; whips 30.

Publicans' Licenses.

The number of Publicans' Licenses issued in the Colony during the year 1875 was 2,630, as against 2,537 in the previous year, showing an increase of 93—nearly one half of which number was issued in the City and Suburbs.

Military and Volunteer Forces.

The total number of the New South Wales Artillery, excluding General Staff, was 103 ; and the total strength of the Volunteer Corps, excluding General Staff and Head Quarters' Band, was 4,574 members. Their distribution was as follows :—Artillery, 739 ; Rifles, 2,261 ; Cadet Corps, 1,574. The total strength of the Naval Brigade was 329 men.

Land Sales.

The Return of Lands sold, otherwise than conditionally, during the year 1875, shows that the total area alienated was 1,135,274 acres, for which the sum of £1,171,938 was obtained, which, with a further sum of £2,155 representing forfeited deposits, makes a total of £1,174,093. This amount is larger than any recorded as received in any year of the decade.

The figures for lands conditionally purchased during the year, are as follows :—Number of selections, 14,517 ; area, 1,756,678 acres ; amount realised for deposits, £439,170 ; for balance of purchase money, £58,647 ; for interest, £75,919,—in all, a gross amount of £573,575. These figures are also in excess of those for any previous year. The total amount actually received in the year, inclusive of conditional purchases and interest on same, was £1,760,570.

Leasehold lands.

The number of five years' leases issued during the year for pastoral purposes was 4,219, comprising an area of 215,643 square miles, for which an annual rental of £182,487 was payable. There were also 16,520 annual leases issued, with an area of 17,076 square miles and rental of £35,787. The total area comprised under both descriptions of lease was 232,719 square miles, and the total rent payable amounted to £218,274. The total revenue from lands and gold fields for the year 1875 was as follows :—

Total receipts ...	Under Lands Alienation Act ...	£1,569,129
	,, Occupation Act ...	218,274
	,, Gold Fields Act... ...	35,331
	Miscellaneous	25,532
		£1,848,266

The total increase which this amount shows on the figures for the previous year amounts to £393,084.

I have the honor to be,
Sir,
Your obedient servant,
E. G. WARD,
Registrar General.

	FITZ ROY DRY DOCK, COCKATOO ISLAND.			
	Conditions.			
	All vessels belonging to H. M. Navy, the Colonial Government, and men-of-war of other nations, will be admitted to repair in the Fitz Roy Dock, Sydney Harbour, free of any dock dues or rates, but they will be required to repay all actual expenditure of stores, wages, and material.			
	All other vessels will be liable to a minimum dock-rate of 6d. per ton per diem, if of 1,500 tons register or upwards, and an additional $\frac{1}{8}$th of a penny per ton for every decrease of 50 tons or portion of 50 tons down to a maximum rate of 9d. per ton for a vessel of 300 tons, and all below, as set forth in the scale attached hereto.			
	Double rates will be charged for the day of docking.			
	The Dock dues will include and cover the cost of pumping, shoring, wedges, and blocking, and the cost of all labour connected with opening and closing the Dock, and all incidental labour connected with the actual operation of docking a vessel.			
Governor and Executive Council ..	No vessel will be permitted to enter the Dock with gunpowder or combustible ammunition on board.		Governor and Executive Council ..	30 Aug., 1861.
	Workshops and Machinery.			
	Vessels in Dock and private engineering establishments will be permitted to avail themselves of any portion of the machinery of the Dockyard workshops on payment of a rate per hour; preference being always given to the requirements of a vessel in Dock. These charges will be in addition to Dock dues, and in accordance with the rates mentioned in the subjoined Schedule.			
	The rate for the machinery will include the cost of putting and maintaining the machine in motion, the use of the 20-ton overhead traversing crane, and all tools belonging to the Machine in use, but nothing further.

The mean Standard Barometer for the year at 9 a.m. is corrected to 32° and sea level .. .. 30·012
To compare this with Electric Barograph—subtract for altitude.. .. .. ·164
For average difference between mean of 9 a.m. observations and Electric, subtract .. .. ·034

29·814 true mean of Standard Barometer @ 32° for the year 1875.

[b] The Census was taken in 1821, 2, 3, 5, 8, 33, 6; population as above.
2nd March, 1841, population 130,856
2nd March, 1846, ,, 189,609
1st March, 1851, ,, 187,243
1st March, 1856, ,, 266,189
7th April, 1861, ,, 350,860
2nd April, 1871, ,, 503,981
The population from the year 1836 is estimated up to the end of each year.
[c] The reduction in the year 1851 was caused by the separation of Port Phillip from New South Wales.

[d] The reduction in the year 1859 was caused by the separation of Queensland from New South Wales.
[e] Lands conditionally sold under the "Crown Lands Alienation Act of 1861."
Price of land in 1825, 7s. 6d. to 10s. per acre.
The minimum price of land was 5s. per acre from 1832 to 1840; 12s. per acre, 1840-2. (20s. in Port Phillip, in 1841). 20s. per acre from 1843 to present time.
In 1822, 3, 4, 5, the accounts were kept in Spanish dollars and British money; generally in Spanish dollars.
Transportation ceased in 1840.
The Return of the Revenue and Expenditure previous to 1850 cannot be accurately ascertained. In addition to the above Expenditure, the Imperial Government paid large sums for the maintenance of Convicts and Military.

Gold discovered in May, 1851.
The Loans Expenditure previous to 1853 cannot be shown.
[f] Includes £270,543 proceeds of Treasury Bills, issued under the Act of Council 27th Vict., No. 8, to cover deficit of 1863 and previous years.
[g] The Revenue and Expenditure columns include "Church and School Lands Revenue," "Police Reward Fund," "Police Superannuation Fund," and "Superannuation Fund," 27th Vict., No. 11.
[h] Includes Trust Fund, Treasury Bills, &c.
* Includes the Gold received at the Mint from other Colonies, and converted into Bars and Coin.
